Professional Summary

UI/UX Designer / Product / Graphic Designer with 4+ years of experience designing scalable, responsive digital experiences across SaaS, enterprise, and content-driven platforms. Skilled in end-to-end UX execution including user research, interaction design, wireframing, prototyping, and high-fidelity UI design. Experienced in building and evolving design systems, collaborating within agile cross-functional teams, and translating complex business requirements into intuitive user-centered experiences. Strong proficiency in Figma, responsive design, accessibility standards (WCAG & AODA), CMS-driven environments. Experienced in creating marketing materials, including sales tools, pitch decks, brochures, social media assets, and branded visual content to support business and marketing objectives.

Core Skills

Product Design (UX & UI), Information Architecture, User Flows, Wireframing, Design Systems & Component Libraries, High-Fidelity UI Design, Interaction Design, Prototyping & Validation (Figma, Adobe XD), User Research, Usability Testing & Research Synthesis, Accessibility & Inclusive Design (WCAG, AODA), Responsive Web & Mobile Design, Mobile-First Design, Grid Systems & Breakpoint Design, Cross-Functional Collaboration, Agile Methodologies, Iterative Design Processes, Stakeholder Presentation & Design Rationale, HTML/CSS (Working Knowledge), CMS Platforms (WordPress, AEM Familiarity), Jira, Confluence, Adobe Creative Suite (Photoshop, Illustrator).

Education

Humber College, Toronto, ON

Graduate Certificate – User Experience Design Jan 2025 – December 2025

Conestoga College, Kitchener, ON

Graduate Certificate – Interactive Media Management (Interaction Design) Jan 2024 – Aug 2024

St. Andrew's College, Mumbai India

Bachelor of Commerce

Professional Experience

Futura Sound | UI/UX Designer (CO-OP - Humber College)

Toronto, ON September 2025 - Feb 2026

- Led UI improvements and ongoing experience optimization for a live production website supporting scalable content updates and responsive experiences.
- Maintained and enhanced CMS-driven web experiences including WordPress-based platforms and component-based content updates.
- Designed and implemented high-fidelity UI aligned with existing visual systems, responsive layouts, and accessibility standards.
- Collaborated closely with developers and stakeholders to ensure technically feasible implementations and smooth developer handoff. Supported usability improvements, layout refinements, and responsive consistency across devices and breakpoints

Holeshot1 Media | UI/UX Designer (CO-OP - Conestoga College)

Kitchener, ON – Aug 2024 to Sep 2024

- Delivered UX/UI design for the OHANA product, establishing brand guidelines and a comprehensive brand book. Designed and developed responsive landing pages from wireframes to high-fidelity designs using Wix.

Platerate | Product /UI/UX Designer

Mumbai, India – Dec 2020 to Dec 2023

- Led end-to-end UI/UX design execution across responsive web platforms, from user research and wireframing to high-fidelity designs, interactive prototypes, and developer handoff.
- Owned UX decision-making including information architecture, layouts, visual hierarchy, interaction patterns, and responsive behavior across desktop, tablet, and mobile experiences.
- Created wireframes, mockups, and interactive prototypes in Figma while leveraging design systems and reusable component libraries to ensure consistency, scalability, and efficient delivery.
- Applied responsive design principles, grid systems, and breakpoint layouts to deliver seamless experiences across multiple devices and screen sizes.
- Conducted user research, usability testing, stakeholder workshops, and heuristic evaluations to identify pain points and translate insights into actionable design improvements.
- Collaborated within agile cross-functional teams including developers, strategists, project managers, marketers, copywriters, and motion designers to deliver scalable user-centered solutions.
- Partnered closely with front-end developers to ensure accurate implementation of designs, resolve design-to-development challenges, and support efficient production workflows.
- Worked with CMS platforms including WordPress and content-driven web experiences, supporting scalable content management and site enhancements.
- Applied accessibility best practices including WCAG and AODA compliance standards to create inclusive and accessible digital experiences.
- Presented design rationale, interaction models, prototypes, and UX recommendations during stakeholder reviews, client presentations, and iterative feedback sessions.
- Utilized Adobe Creative Suite (Photoshop and Illustrator) for image editing, asset preparation, basic photo retouching, and visual design support. Designed marketing materials, including sales tools, pitch decks, brochures, and promotional assets.

Della Leaders Club | Graphic/ UI/UX Designer

Mumbai, India – May 2021 to Dec 2021

- Designed **low- to high-fidelity wireframes** and UI screens for new product features.
- Partnered with design, marketing, and development teams to align **user needs with business goals**. Iterated on designs using **user feedback, analytics, and stakeholder input** to improve engagement and clarity.
- Mentored junior designers and supported onboarding by sharing **process documentation and design standards**.

Anixel Studio | Graphic/UI Design Intern

Mumbai, India – Nov 2020 to Feb 2021

- Designed UI layouts for web and mobile applications using Figma. Created marketing visuals and social media assets aligned with **brand systems**. Supported basic video editing for promotional content.
- Collaborated with developers and marketing teams to ensure **clean design handoff and implementation**.
